Chew on this: a new (gummy!) acne treatment and safer, cleaner produce

While soaking the day away in Aura Cacia's fragrant **TRANQUILITY BUBBLE BATH**, learn about your favorite essential oils with the company's **AROMATHERAPY DECK**, a beautiful set of 54 flash cards offering scent profiles and hints for using different oils.

Biokleen **PRODUCE WASH** is formulated with grapefruit seed and lime peel extracts to remove pesticides, herbicides, fungicides, waxes and soil for a safer diet.

DenTek's **SECURE DENTURE BONDING CREAM** doesn't dissolve in water, so it won't wash out while eating or drinking. It is also free of flavors and unnatural additives.

Can you chew your way to clear skin? Possibly, with the help of **FRUTELS**, a sugar-free gummy and acne multivitamin in one. Packed with skin-friendly nutrients, Frutels boasts a 74 percent success rate, according to independent testing.
